2 Bay Media NAS Hard Disk 3,5"

The Grab'n'GO Media Store is a powerful dual bay HDD SATA network solution for sharing & storing media content like music, photos and videos at home or at the office. The built in UPnP AV media server offers easy access to all your media files through compatible media players (like the Grab'n'GO Full HD media player CFULLHDMAi) and stream media without using a PC. Besides media server, it's a full function NAS server with 500 MHz CPU and built-in FTP server for file access via Internet and access-right management features to give users different read and/or write permission in the (Gigabit) network. To guarantee optimal functionality, the hard disks in the CH3MNAS can be configured as Standard, JBOD, RAID 0 and RAID 1, so it's up to you to set your priority to safety, flexibility or speed.

Highlights

- Built-in Gigabit connection, UPnP AV media server, FTP server
- Easy (remote) access to all your files
